Address: 1F1, 2, Buccleuch Place, Edinburgh, EH8 9LW, United Kingdom

Professional summary:

Interior Designer and Architect with over 2.5 years of professional experience in interior design, architecture, space planning, concept development, material selection, and furniture specification across residential, commercial, and institutional projects. Currently advancing expertise through a Master of Arts in Interiors, Architectural and Spatial Design at the Edinburgh College of Art, University of Edinburgh. Strong background in architectural design development, construction documentation, construction drawings, 3D visualization, and project coordination. Proficient in AutoCAD, Revit (BIM), SketchUp, Enscape, Lumion, V-Ray, Adobe Photoshop, Adobe Illustrator, and Adobe InDesign. Adept at collaborating with clients, consultants, contractors, and multidisciplinary teams to deliver high-quality, aesthetically refined spaces on time and within budget.

Core Competencies:

Architectural Design | Design Development | Construction Documentation | Detail Drawings | 3D Visualization and Rendering | Building Information Modeling (BIM) | Project Coordination | Site Supervision | Client Liaison | Space Planning | Interior Design | Concept Development | Design Presentations | Sustainable Design Principles | Urban Planning Awareness

Work Experience:

Junior Architect

Arcop Associates (P) Ltd. | Dec 2022 – Jun 2025

- Delivered design and execution of 6 commercial, residential, and institutional projects across 2 countries (India and DR Congo), spanning government, corporate, and residential typologies.
- Prepared detailed construction documentation for 6 projects including floor plans, elevations, sections, and specifications using AutoCAD and Revit, ensuring accuracy and reducing revision cycles during execution.
- Developed 3D visualizations, design presentations, and client-facing renders using SketchUp, Enscape, and Lumion, receiving positive feedback from senior architects and clients for clarity and visual quality.
- Coordinated with 4+ consultant teams including structural engineers, MEP consultants, interior designers, and contractors to ensure smooth project delivery and compliance with building codes.
- Conducted regular site visits across 6 projects over 2.5 years to track construction progress, verify design intent, address on-site challenges, and bridge the gap between design and execution teams.
- Spearheaded 2 competition entries for Medical College CMC Vellore Campus Redevelopment and Sakra World Hospital in Bangalore, strengthening conceptual thinking and design presentation skills.
- Drove space planning, material selection, and sustainable design decisions across 3 project types (commercial, residential, and institutional), contributing to well-coordinated and cohesive design outcomes.

Intern Architect

Raj Karan Designs | Feb 2022 – Jul 2022

- Executed 3 interior design and architecture projects over 4 months, including residential apartments at Selene, Hiranandani Fortune City in Panvel, and Ardee City in Gurgaon, preparing layout drawings, material schedules, and 3D models.
- Collaborated on the architectural design of a residential project at C3, SouthCity1 in Gurgaon, producing construction drawings and advancing design development from concept to documentation stage.
- Prepared client presentations and design visualizations for 3 projects using AutoCAD, Revit, SketchUp, and V-Ray, earning recognition from the principal architect for attention to detail and visual quality.
- Engaged with senior architects across 3 client consultations to understand project requirements, preferences, and budgets, developing a practical understanding of translating briefs to design solutions.

Education:

Master's in Arts | Interiors, Architectural and Spatial Design | Aug 2025 – Jul 2026

Edinburgh College of Art, University of Edinburgh, Edinburgh, UK

Studying spatial design, adaptive reuse, and interior narratives through modules such as Reading Interiors,

Bachelor of Architecture | Aug 2017 – Jul 2022

Sir M. V. School of Architecture, Bengaluru, KA, India

CGPA: 8.17/10 | 2022 | First Class with Distinction

Studied architectural design, interior design, urban planning, building construction, sustainable architecture, building services, and professional practice across ten semesters. Completed a thesis project "Bauddhya," designing a Buddhist experiential centre in Vaishali, Bihar, exploring spatial zoning, vernacular materiality, and narrative driven architecture

Certification and Licenses:

Registered Architect, **Council of Architecture, India** | Reg. No: CA/2023/155073

Technical Skills:

- **Design and BIM Software:** AutoCAD, Revit (BIM), SketchUp, Enscape, Lumion, V-Ray, D5 Render
- **Graphic Design Software:** Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe Lightroom
- **Productivity Tools:** Microsoft Office Suite (Word, Excel, PowerPoint), Google Workspace
- **Workspace Other Skills:** 3D Rendering, Design Presentations, Construction Documentation, Hand Sketching
- **Languages:** English (IELTS 8.0), Hindi (Native), Dutch (Beginner A1)

Soft Skill:

Client Communication | Team Collaboration | Creative Problem Solving | Time Management | Attention to Detail | Adaptability | Multitasking Across Projects | Presentation Skills | Critical Thinking | Cross Cultural Communication

Leadership and extracurricular activities:

- Program Representative, MA IASD, Edinburgh College of Art, University of Edinburgh (Sep 2025 – Present)
- Student Representative, Anti Ragging Committee, Sir M. V. School of Architecture (Aug 2017 – Jul 2022)
- Student Representative, Grievance Redressal Committee, Sir M. V. School of Architecture (Aug 2017 – Jul 2022)
- Content Writer, Newsletter Committee, Sir M. V. School of Architecture (Mar 2019 – Jul 2022)
- Student Representative, National Association of Students of Architecture (NASA India) (Feb 2018 – Mar 2020)
